📍 City Daska, District Sialkot.

SUMMARY

Node.js Developer with good experience, developing and writing server-side web application logic or back-end components in JavaScript and connecting applications with other web services.
I'm proficient in developing databases, developing backend and testing codes, troubleshooting simple complex issues, and implementing new features based on user feedback.

After developing 4 completely self made Node.js projects, I am looking for an excellent internship opportunity to polish my programming skills.

PROJECTS

Real Time Chat App

Node.js | Express.js | Socket.io | MongoDB

- Created Front-end using Html, CSS and JavaScript.
- Implemented Socket.io for web socket connections.
- User can send and receive messages from connected browsers to others.

Recipe Blog Website

Node.js | Express.js | MongoDB

- List and display recipes with details and categories.
- Manage recipes through **Admin Panel**
- Implemented **Model-View-controller(MVC)** Framwork
- Implemented **async, await Promises** functionality.

Budget App

Node.js | Express.js | MongoDB

- **Track** expenses record.
- Add and show **income & expense**
- **Calculate the record** and show current balance.
- Showing recent transactions/record of **entries**.

CRUD APP

Node.js | Express.js | MongoDB

- Create, edit, update and delete employees data.
- Developed with MongoDB database and ODM library.
- Show and add record with images.

INDUSTRY EXPERTISE

Flexibility

Eager to learn

Perseverance

Problem solving

SKILLS

HTML5   CSS3   BOOTSTRAP

JS (ES6)   NODE.JS   EXPRESS.JS

MONGODB   Rest API   JS (DOM)

SQL   MySQL

EDUCATION

BS Software Engineering

Virtual University of Pakistan

📅 2018 - 2023

GPA

3.28 / 4.0

F.SC

Superior Group of Colleges

📅 2016 - 2018

STRENGTHS

Strong Understanding of NPM

Strong understanding of NPM and modular application development skills building. Previous work with relational DBs and NoSQL databases (MongoDB, MySQL).

Hands on Grip on JavaScript OOP

With hands on experience in JS OOP, I have developed practice projects using ES6+ OOP concepts.

DOM Concepts

Having experience in JavaScript DOM manipulation, I have developed many practice projects.
